Water Right Application for 571 Sawmill Road Narrative:

This application is to clarify existing water rights. I purchased the property known as 571 Sawmill Road, Sharon, Idaho in Bear Lake County on September 18, 1991. See attached copy of "Warranty Deed". Included in the purchase is an undivided one-half interest in the water rights connected with a spring on land adjacent to 571 Sawmill Road (Idaho Water Right #11-04045). Also included is a 50% interest in the pipeline from the spring to the house at 571 Sawmill Road and ingress and egress to the facilities. A copy of the Idaho Department of Water Resources Water Right Proof Reading Report for Water Right Number #11-04045 is attached. I also am providing a copy of a "Claim to Water Right" signed February 10, 1976 by Reed S. Hymas, owner of the property with the spring on it at the time of signing. I received this copy from Daryl and Ruth Woolstenhulme. A copy of the "EASEMENT AND CONVEYANCE OF 50% INTEREST IN WATER RIGHT (WITH WARRANTIES) AND BILL OF SALE" signed September 18, 1991 is attached. This document was recorded September 20, 1991 in Bear Lake County, Idaho, Instrument 154132. A copy of a map I made using Idaho Water Resources Mapping showing the location of the spring, the approximate location of the pipeline and the house at 571 Sawmill Road is attached.

I replaced the corroded galvanized pipeline with plastic in August 1998. Daryl and Ruth Woolstenhulme purchased the property adjacent to 571 Sawmill Road after this time and subsequently installed an additional pipeline on their property from the spring to the barn area and to the area where they later constructed a new home. Daryl and Ruth Woolstenhulme have applied for water rights, Idaho Application for Permit #11-7813. The notice was published in the Public Notices section of the June 17, 2015 edition of "The News Examiner". The spring in Application #11-7813 has previously been claimed, and is the same spring described in #11-04045.

I have filed a protest to protect my water rights. In the protest I stated I am applying for a permit. If the permits accurately reflect the 50% ownership in the spring for Daryl and Ruth Woolstenhulme and the 50% ownership in the spring for Bruce W. Jensen, and both permits are approved, I will drop my protest to Application 11-7813.

Note: Names, Permit information, etc. was obtained from the notice in the Public Notices section of the June 17, 2015 edition of "The News Examiner".
