Subject: Application for Permit
Attachments: Amended Place of Use.pdf; Place of use map.pdf

Good Morning Luke:

I received your application for permit back from the manager yesterday. I apologize, but I made an error in the amended application that I sent to you. The place of use I put down was still incorrect based on the maps that you submitted. Attached please find the corrected second page of the application. No re-advertising will be required, but I do need you to sign the correction and return it.

In addition, the request was made to provide a copy of the agreement allowing you to cross the property with the proposed pipeline. According to tax lot data, land between your place of use is owned by others and would require crossing their land with the pipeline.

Again, I apologize for the error. If you have any questions, please let me know.

Thank you,

Kerrie Mathews
