RECEIVED

MAR 11 2014

WATER RESOURCES
WESTERN REGION

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

IN THE MATTER OF APPLICATION FOR
PERMIT NO. 57-11834

STIPULATION TO RESOLVE PROTEST

In the name of Cal and Susie Low

Idaho Power Company protested water right application no. 57-11834 filed by Cal and Susie Low on the basis that the water use sought under the application has the potential to cause depletions in the Snake River that will cause the minimum flows established in the 1984 Swan Falls Agreement, to be measured at the Murphy Gauge, to be violated. The parties have conferred and have agreed that the inclusion of the following remark on any water right permit and license that may be issued for water right no. 57-11834 is acceptable to the Applicants, Cal and Susie Low, and will resolve the Protest of Idaho Power Company. The remark shall state:

The source of water diverted under this right is "Trust Water" which is identified in the 1984 Swan Falls Agreement and defined as surface and ground water tributary to the Snake River between Milner Dam and Swan Falls. Diversions under this right shall be subject to curtailment if such diversions would impact the established minimum stream flows of 3,900 cfs from April through October and

5,600 cfs from November through March at the Murphy gage. Further, this right shall be subject to review by the Director consistent with the term limits imposed upon trust water rights issued by the State and arising out of the 1984 Swan Falls Agreement.

Should the Idaho Department of Water Resources agree to inclusion of the remark set forth above on any water right permit and license that may issue for water right no. 57-11834, then Idaho Power Company hereby agrees to withdraw its Protest to water right application no. 57-11834.

DATED this 11th day of March, 2014.
