Re: Change in Water Right Ownership: Water Right No. 29-7196 (Split into 29-7196 and **29-14147**)

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records based on the information received to reflect the change in ownership and has enclosed a computer-generated report for your records.

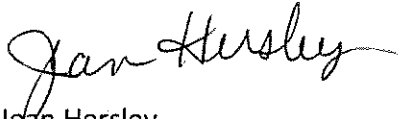

Your portion of these water rights has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water right, then no further action is required at this time.

An Application to Lease a Water Right to the Water Supply Bank was submitted concurrently with the ownership change. On March 19, 2015, the Department returned the lease application as incomplete. A map of the proposed idled acres, original signature and filing fee of \$250 was requested to process this application. As of the date of this letter, no response has been received. If you still would like to lease your portion of water right 29-7196, which is now 29-14147, to the Water Supply Bank, please resubmit the application with the required information and fee.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please feel free to contact me at 208-287-4942 if you have any questions concerning the enclosed information or this letter.

Sincerely,

A handwritten signature in black ink, reading "Jean Hersley". The signature is written in a cursive, flowing style with a large initial "J" and a long, sweeping underline.

Re: Change in Water Right Ownership: Water Right No. 29-7196 (Split into 29-7196 and 29-14147)

Dear Water Right Holder(s):

We have received and processed a Change of Ownership for a portion of your original Water Right as referenced above. This change of ownership resulted in a split of your original water right.

When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is issued to the new owner representing their portion of the original water right. Each water right contains only the portion of the original right for each separate owner. The original water right number reflects your remaining portion of the water right, after the change of ownership. Enclosed is a copy of this water right for your records. Please refer to your water right number when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

If you have any questions concerning this ownership change, or the enclosed information, please contact me at 208-287-4942.

Sincerely,

RE: Notice of Change in Water Right Ownership No(s). 29-7196

Dear Property Owner(s):

Thank you for submitting your request for a Notice of Change in Water Right Ownership for the above mentioned water rights. After reviewing your request, it was discovered that additional information is needed to process this request.

The affidavit *[sic]* that was included with the request states that KAP Properties, LLC is to receive 61 acres and 0.534 cfs of the water right and Mr. Hollingshead is to retain 5 acres and 0.05 cfs of water right 29-7196. The Department requires a map noting which lands specifically are to be in the name of KAP Properties and which 5 acres will remain with the original water right.

The water right is in the names of Evelyn L Walker and Richard Lamar Walker. The remaining portion of water right 29-7196 will remain in the name of the Walker's until Mr. Hollingshead submits a Notice of Change in Water Right Ownership with the proper documentation and fees,

Because the Department cannot process the ownership change without proper information, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact me at (208) 287-4942 if you have any questions regarding this matter.

Sincerely,

Jean Hersley
