Re: Transfer Evaluation

Transfer No. 80046 for water right 27-73 proposes to move the point of diversion closer to the irrigated acres.

Authority to file:

All of the water rights are currently in the name of Lake Family Ranches LLC. The current place of use is in the name of Lake Family Ranches LLC. No change will occur that may cause a decrease in the value of the land, therefore a release was not obtained from the security interest.

Validity of the Water Right:

Water right 27-73 was decreed on December 29, 2011. Forfeiture is not an issue.

Injury to Other Water Rights:

No injury to other water rights was identified. The water master for WD27 does not oppose the transfer. There are no other water right points of diversion between the existing and proposed points of diversion.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issues identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this transfer application.
