

MEMORANDUM

Date: May 21, 2015
To: Transfer 79981
From: Allison Torres
Re: Review & Evaluation of Sufficiency of Information

This transfer proposes to change the point of diversion for water right 31-2316. The point of diversion will be moved from the SESE of Section 20 to a new well located in the SENWSE of Section 30, T07N R35E.

Authority to File:

The applicant is the current owner of this water right per IDWR record and property at the proposed point of diversion per Jefferson County taxlot data.

Water Right Validity:

Water right was decreed in 2002. Land appears to have been consistently irrigated per Department aerial photography. There is no clear and convincing evidence that this water right has been forfeited. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA and within WD 110. Points of diversion are within ^{adjacent} ~~the same~~ model cells. No ESPA analysis required. Watermaster does not oppose transfer. This transfer was advertised and there were no protests. No injury issues identified.

Enlargement of Use:

No issues identified.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Effect on Agricultural Base of the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
