RE: Permit No. 95-11866

Dear Permit Holder:

Enclosed is a new Request for Extension of Time (extension request) form for your use. As I understand it, after you spoke with Shelley Keen on June 2, 2015, you plan to file a new extension request under due diligence because you have cleared and hydro seeded the land in preparation of using the water.

The fee you paid for the extension request filed under litigation that was returned to you as deficient will be reapplied to the new extension request that you are about to file with the Department.

Your permit allowed a five year development period. According to Section 42-204(6), Idaho Code, you are allowed one Request for Extension of Time after the initial five year development period for up to five more years for due diligence or good cause.

You can file this new extension request for 5 more years, and at the end of the 5 years the Department can look at another extension request based on litigation with the tribe over the title to the water.

If you have any questions, please feel free to contact me at 208-287-4945.

Sincerely,

Darla Block
Technical Records Specialist
