CONDITIONS OF APPROVAL

1. Prior to diversion of water under Transfer 79466, a totalizing measuring device of a type approved by the Department shall be installed and maintained on each of the wells authorized under water right 47-02306B. The volume of water diverted from each well shall be measured and recorded monthly and reported annually to the Department. The static water levels of the wells shall be measured and recorded twice each year in April and October and reported annually to the Department.

Transfer No. 79466

WATER RIGHT NO. 47-2306B

As Modified by Transfer No. 79466

CONDITIONS OF APPROVAL

2. The right holder shall retain all shares of the Salmon River Canal Company associated with the place of use prior to approval of previous Transfer 5148, and shall continue to use the shares on remaining irrigated acres under Right 47-02306A.
3. Use of water under this approval shall comply with applicable water quality standards of the Division of Environmental Quality of the Idaho Department of Health and Welfare, and all applicable dairy operation standards of the Idaho Department of Agriculture. The dairy operation authorized under this approval shall comply with applicable city and county zoning and land use ordinances.
4. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
5. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
6. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
7. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
