RE: Spring water for new home

Dear Mr. and Mrs. Stanford:

We are in receipt of the letter you submitted regarding use of a spring for a new home in Owyhee County. I have searched our data base for water rights for springs located in Sec. 9, Twp. 9S, Rge. 5W, and found that you have a water right (No. 55-7387) for a spring located within SWSESW, Sec. 9, Twp. 9S, Rge. 5W.

If you intend to use spring water for the home, you are required to obtain a water right before utilizing the spring. As of May 20, 1971, any new use of surface water requires a water right. In order to obtain the water right, you need to file an application for permit. I have included an application form, with instructions, for your use in this matter.

If you need assistance with the form, or have any questions concerning this matter, please do not hesitate to contact our office.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
