Date: Thursday, April 9, 2015 9:32 AM

Scott,

As I discussed this morning, I'm finishing up the Statement of Completion for the above mentioned water right for our property at 37 Wagon Wheel Road, Salmon, ID 83467. As you specified I should, I went down and took some photos of the diversion which is on the corner of Demick Lane, and US Hwy 93. Here they are:

This photo shows the diversion gate which is currently closed.

This photo shows the culvert which runs under US 93 conveying water to all permit holders in the Lovers Lane, Wagon Wheel Road area, showing the lockable diversion and potential for measuring flow:

I irrigated on three occasions during June and July of 2014. We received so much rain in August that there was no need to irrigate. Here's a couple of photos of a portion of my pasture after irrigation. It's pretty lush!:
