RE: Amendment Required for Application 63-34049

Dear Mr. Goodell:

On March 2, 2015, you filed an application for permit to appropriate water for irrigation use in Government Lot 2 in the SENE ¼¼ of Section 33, Township 6 North, Range 3 West of Payette County. The application is now under review in preparation for advertising however legal descriptions identified on the application for Point of Diversion and Place of Use does not match. On the attached map, the 160 acre (Quarter) is described on the right, with the 40 acre (Quarter Quarter) on the left. In the application for permit, the larger quarter is recorded on the right quarter box with the 40 acre tract recorded in the middle. The left is often left blank, but used to describe 10 acre sections. It appears on the Application for Permit that you submitted, this information was recorded in reverse.

Please submit the requested information for the application to be processed. You may seek additional time to provide the information by making a written request to interrupt processing for up to six months. The application will be voided without a timely written reply within the next thirty (30) days. Refunds are not issued for voided applications.

IDWR forms and other information are available on the Internet at [www.idwr.idaho.gov](http://www.idwr.idaho.gov).

Please contact me at 208-334-2190 if you need more information. Thank you for your attention to these matters.

Respectfully,
