CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **June 01, 2018**.
2. Subject to all prior water rights.
3. Rights 35-7280, 35-7281, 35-13241, 35-14334, 35-14335, 35-14336 and 35-14402 when combined shall not exceed a total diversion rate of 8.20 cfs, a total annual maximum diversion volume of 1,221 af at the field headgate, and the irrigation of 560 acres.
4. To mitigate for the depletion of water resulting from the use of water under this right and to prevent injury to senior water right holders, the right holder shall never exceed the combined annual volume limit included in the conditions for this right.
5. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.
6. Prior to diversion of water under this right, the right holder shall install and maintain a totalizing measuring device of a type approved by the Department as a part of the diverting works.
7. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the place of use.
8. This right is for the use of trust water and is subject to review 5 years after the issuance of the permit to determine availability of water and to re-evaluate the public interest.

Permit to Appropriate Water
NO. 35-14402

9. Noncompliance with any condition of this right, including the requirement for mitigation, is cause for the director to issue a notice of violation, cancel or revoke the right, or, if the right is included in a water district, request that the watermaster curtail diversion and use of water.
10. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 15th day of May, 2015.
