RE: Change in Ownership Water Right No. 35-13479 & 35-13481

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** As per our phone conversation on May 12, 2015 please review the map attached. The legal description attached to the deed received with your application covers the property outlined in purple. According to the tax lot data (which is updated by the county, not the department of water resources) the parcel in yellow is also in your name. According to the legal description on the deed received the parcel in yellow is not included, it is the 3rd exception. Because it is covered by the water right the department just wants to verify prior to splitting the water right that you only own the parcel out lined in purple. Please let us know at your earliest convenience.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. **If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.**

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

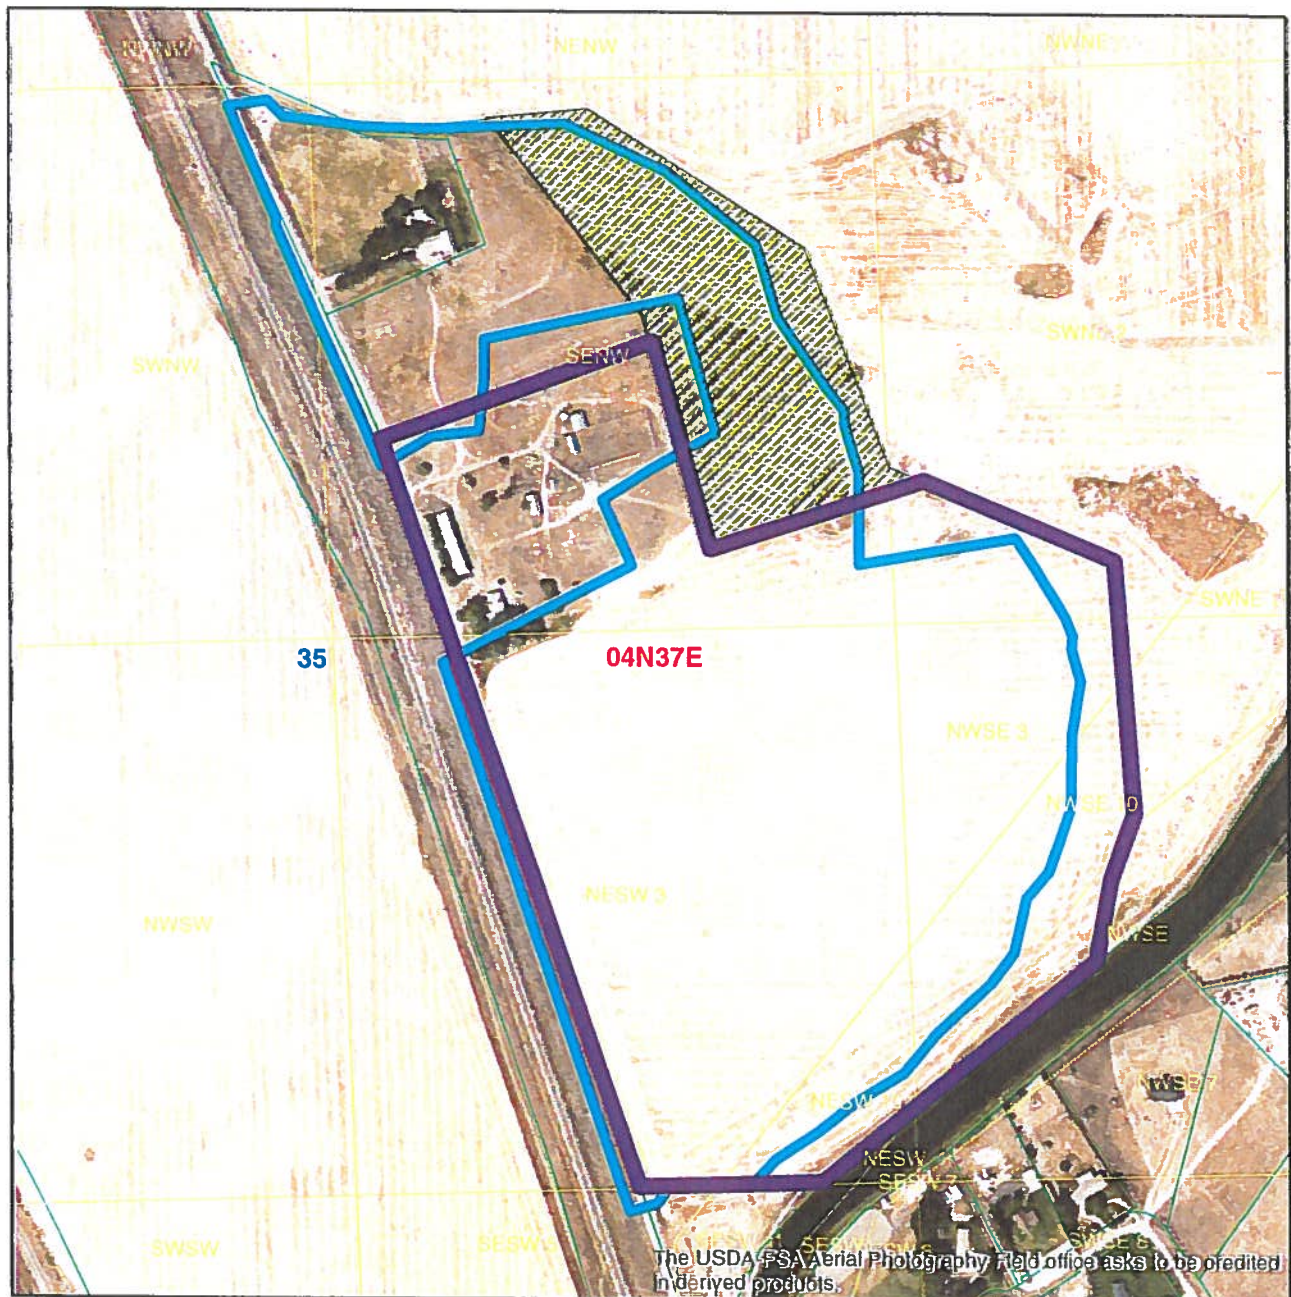

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
