RE: Change in Ownership Water Right No. 35-2292C & 35-10360

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** The department has all the information required for water right 35-2292C, however it appears that water right number 35-10360 is for domestic and stockwater. According to the legal description you the home is an exception. If you own the domestic portion please submit evidence of ownership or if the water right should be split please supply the additional filing fee of \$75.00 for a division of the water right. Also it is possible the owner of the domestic portion of this water right may have an interest in a portion of the stockwater if that is the case an agreement specifying the division may be required.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
