**To:** File 34-2486  
**From:** L. Glen Saxton   
**RE:** NOTICE OF LICENSE TO BE ISSUED  
**Date:** January 6, 2005

When the Department is ready to issue a license for permit no. 34-2486, the Department should publish notice of intent to issue the license in order to provide the opportunity for other water users to provide evidence and testimony relative to the extent of beneficial use of water made by the permit holder. This notice was contemplated in the June 17, 2002 Amended Preliminary Order that reinstated the permit.
