Sandy,

The map looks fine. Congratulations on your retirement you are definitely dedicated to the end.

Hi Jeff,

I have attached maps for the following water rights: 2-7470 (Snake River source for the treatment plant), and 61-7679 (Springs; infiltration gallery expansion). I have also attached close ups of the locations, and an entire map of the service area boundary with other water rights showing.

Please let me know if you agree with the locations for 2-7470 and 61-7679, and if not, mark and label the map with corrections and scan and send a copy of the corrections. Sorry for the rush, but I am retiring 4/17/2014 and would like to have all my field exams written up prior to my leaving, and also get the City of Glenns Ferry's licenses approved and signed.

Thanks so much, since I really appreciate all the help you have given me over the years.

Sandy
