**RE: APPLICATION TO LEASE WATER RIGHT NO(S). 37-577CA, 37-659A, & 37-7017
TO THE WATER SUPPLY BANK**

Dear Applicant:

The Department of Water Resources ("Department") has completed its review of your application(s) to lease water right(s) to the Water Supply Bank ("Bank"). Based on that review, the Department cannot accept the above referenced water rights into the Bank.

This letter is notice that the attached application(s) to lease water to the Bank are **returned**. The Water Supply Bank Rules provide criteria to be considered when determining whether to accept a water right into the Bank. Some criteria for consideration include:

- The applicant owns the water rights proposed for lease
 - Campion does not own the land covered by the above referenced water rights. Proof of ownership must be provided.
- That enlargement won't occur; all stacked water rights must be placed into the Bank
 - Water right 37-8485 may share a place of use with the rights you intend to lease into the Bank. It isn't unclear what your intentions are with that water right.

Based on the Department's review, the above listed criterion has not been met. The Department is returning your lease applications at this time. Your lease application filing fee will not be refunded. If you re-submit lease applications for these water rights within 30 days the \$500 filing fee can be applied to those applications.

Please note the forfeiture period is not tolled unless a right is accepted into the Bank, or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right form. This and other water right forms are available from the Department's website at www.idwr.idaho.gov.

If you have any questions, please contact me at (208) 287-4944.

Sincerely,

Cherie Palmer
