FROM: Patrick Kelly – Water Resource Agent

DATE: January 14, 2015

SUBJECT: Review of Water Right File for Licensing

I was assigned this water permit to complete the licensing process. Information on the water system from the 1993 field exam seems to be incomplete. Effort to contact the water permit owner for additional information has proven to be difficult. RE: Water Right No. 51-7292

Notice of Pending Order to Void Permit

To whom it may concern:

On December 14, 1993, the Department of Water Resources (IDWR) received the Proof of Beneficial Use statement submitted by Charles Jones for Permit 51-7292, which authorized the diversion of water from the East Fork Bruneau River for stockwater purposes in Section 15, Township 11 South, Range 9 East, B.M., & Section 23, Township 11 South, Range 9 East, B.M., in Owyhee County. I am writing you because additional information about the water diversion system is required to complete the licensing process.

If you believe a water right was developed in accordance with the permit, please contact me to make arrangements for a field examination to be conducted on your property. If I do not hear from you within thirty days, I will assume you no longer have any interest in establishing a water right, and I will take action to void the permit.

Please contact me by telephone at 208-287-4933 or by mail at the address on the letterhead.

Respectfully,

Patrick Kelly
Water Resource Agent
