

MEMORANDUM

Date: April 14, 2015
To: Transfer 79910
From: Blake Jordan
Re: Review & Evaluation of Sufficiency of Information

This transfer proposes to change the point of diversion for ground water rights 32-7120 and 32-13236. The applicant seeks to drill a new well on his property located in the SESE, 10N, 34E, Section 31. The existing well will be used for domestic purposes.

Authority to File:

The applicant is the owner of the water rights per IDWR record and owner of the property at the proposed point of diversion per Clark County parcel viewer.

Water Right Validity:

Water rights were decreed in 2000. Aerial photography shows land to be consistently irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:

Water rights are not regulated by a water district. The proposed point of diversion is located approximately 1.8 miles to the SE of the original point of diversion. The current point of diversion is located just outside the ESPA. The proposed point of diversion will be located just inside the ESPA. No ESPA analysis is required. This transfer was advertised and there are no protests.

Enlargement of Use:

No issues identified.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Effect on Agricultural Base of the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
