Dear Sirs:

The following information is submitted to you for the supplementation of the request for assignment of the Water Permit 25-7669 to Blackhawk Homeowners Association, Inc., and Iron Rim Homeowners Association, Inc.

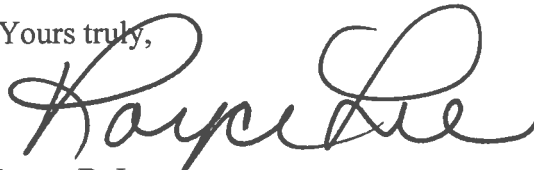

1. History. This permit was originally obtained in the name of Blackhawk Ventures, LLC by George McDaniel, the owner and developer of the Blackhawk and Iron Rim subdivisions in Bonneville County.
2. Assignment of Permit. The permit was assigned to Blackhawk Homeowners Association, Inc., as an 87.5% owner and to Iron Rim Homeowners Association, Inc., as a 12.5% owner. This was done by Assignment of Permit dated January 30, 2009, signed by Wendy McDaniel. George McDaniel died in about 2008 so Wendy McDaniel, his wife, signed as the member of Blackhawk Ventures, LLC, and as the Personal Representative of his estate. The original Assignment of Permit is enclosed.
3. Point of Diversion. The point of diversion for the water source is located at 7316 Crowley Road, 45th East, Ammon, Idaho. It is on a 1.425 acre lot where two wells are located, a well house and pumping equipment.
4. Water Supply in Cubic Feet per Second. One well is rated to supply 725 gallons per minute. The other well is rated to supply 750 gallons per minute. The two wells alternate pumping for the subdivisions. One well is 320 feet deep and the other well is 262 feet deep.
5. Number of Acres in Each 40 Acre Section. Enclosed is a list of the number of acres in each 40 acre section where the Blackhawk and Iron Rim subdivisions are located. Also

enclosed are the 5 plats covering the 5 subdivisions, and a diagram of the area which identifies the boundaries of each section.

6. Ownership of Land. The land covered by the water permit is owned by the individual lot owners. The lot with the well and well house is owned by Blackhawk Homeowners Association, Inc., at 87.5% and by Iron Rim Homeowners Association, Inc., at 12.5%, based on a deeded right. The deed was recorded as Instrument No. 1394043 on June 30, 2011. The two homeowner associations jointly manage the wells and water system for the 5 subdivisions. The Homeowners Associations are each managed by a Board of Directors.
