Subject: Ownership Change for Robert and Ken Hobbs
Attachments: DOC063.pdf

Robert:

First it appears we need an additional deed for your property according to the information in the tax lot data you own the property and the instrument number is 226695.

For the domestic/stockwater right, we can go ahead and add both you and Ken as the current owners so no split will be required.

For 13-2236 a split will be required along with an additional filing fee, the additional fee will be \$75.00. Please find attached a map showing the place of use of the water right, the portion I can verify is owned by you (still need deed however) and the portion owned by Ken. There is additional property that I cannot verify the owner for and I am wondering if that will be a remainder portion not going to you or to Ken. It appears that the domestic portion of that water right should go with dairy but I will do additional research to make sure. Please review the map attached and let me know if you own the additional ground and we are just missing the deed or if that is owned by someone else. Let me know if this all makes sense or if you need any additional information. Thank you for your time.

Robert Hobbs property is in Purple
Ken Hobbs property is in Blue
Property in questions in Blue/Green
