Re: Transfer Evaluation

Transfer No. 79917 for water right 34-4168 proposes to correct the place of use to match the location of the existing troughs.

Authority to file:

The water right is currently in the name of the BLM. The current place of use is in the name of the BLM.

Validity of the Water Right:

Water right 34-4168 was decreed on January 15, 1998. Forfeiture does not appear to be an issue.

Injury to Other Water Rights:

No injury to other water rights was identified. No increase to diversion rate of volume was authorized. The application was not advertised, the place of use is only slightly changing. The water master for WD34 was notified of the transfer and did not oppose the transfer.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issues identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this transfer application.
