Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** Please see a break down below of what is needed for each water right number. I have enclosed a copy of the proof report for your convenience, on the proof report I have highlighted who owns what and referenced what is required for each water right.

The department received an ownership change for water right number 11-99 going into Rodney and Robert Boehme however the documentation received is a full chain of title with the most current owner being Diamond 1 Ranches. In order for the department to put the ownership in the name of Rodney and Robert Boehme a deed from Diamond 1 Ranches to Rodney and Robert Boehme is required. If the ownership should go into Diamond 1 Ranches please supply an updated ownership change form reflecting Diamond 1 Ranches as the new owner.

Rodney and Robert Boehme have submitted an application for an ownership change for water right number 11-101, however the documentation received is a full chain of title with the most current owner being Diamond 1 Ranches, this water right will require a split. The department has received all the required fees for the split. In order for the department to put the ownership in the name of Rodney and Robert Boehme a deed from Diamond 1 Ranches to Rodney and Robert Boehme is required. If the ownership should go into Diamond 1 Ranches please supply an updated ownership change form reflecting Diamond 1 Ranches as the new owner.

The department received an ownership change for water right 11-102 going into Rodney and Robert Boehme however the documentation received is a full chain of title with the most current owner being Diamond 1 Ranches for one portion and Rodney and Robert Boehme for another, this water right will require a split, dividing the water right between Diamond 1 Ranches, Rodney and Robert Boehme and there will be a portion left over. The department has received all the required fees for the split. In order for the department to put the ownership in the name of Rodney and Robert Boehme a deed from Diamond 1 Ranches to Rodney and Robert Boehme is required. If the ownership should go into Diamond 1 Ranches and Rodney and Robert Boehme please supply another ownership change form reflecting Diamond 1 Ranches as one of the new owners. We will split the water right 3 ways a portion to Diamond 1 Ranches, a portion to Rodney Boehme and a remaining portion.

Rodney and Robert Boehme have submitted an application for an ownership change for water right number 11-103, however the documentation received is a full chain of title with the most current owner being Diamond 1 Ranches, this water right will require a split. The department has received a filing fee of \$25.00 for a non split water right. In order for the department to put the ownership in the name of Rodney and Robert Boehme a deed from Diamond 1 Ranches to Rodney and Robert Boehme is required. If the ownership should go into Diamond 1 Ranches please supply an updated ownership change form reflecting Diamond 1 Ranches as the new owner. Also if the split is required an additional fee will be required.

For water right numbers 11-104, 11-108, 11-123 and 11-131 the department has not received any documentation indication your ownership of these water rights. Please note a full chain of title is required.

For water right number 11-132, the department does not have a place of use for that water right, therefore a full chain of title back to AE Herrick will be required. Please note even if a full chain of title is received there is no guarantee the department will have sufficient evidence to complete the change.

Rodney and Robert Boehme have submitted an application for an ownership change for water right numbers 11-7538 and 11-7540, however the documentation received is a full chain of title with the most current owner being Diamond 1 Ranches for one portion and Rodney and Robert Boehme for another, this water right will require a split, dividing the water right between Diamond 1 Ranches, Rodney and Robert Boehme and there will be a portion left over. The department did not receive a split fee so an additional \$75.00 per water right is required to split the water right. In order for the department to put the ownership in the name of Rodney and Robert Boehme a deed from Diamond 1 Ranches to Rodney and Robert Boehme is required. If the ownership should go into Diamond 1 Ranches and Rodney and Robert Boehme please supply another ownership change form reflecting Diamond 1 Ranches as one of the new owners. We will split the water right 3 ways a portion to Diamond 1 Ranches, a portion to Rodney Boehme and a remaining portion.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.
