He gave me the amendments for the application. I still need to wait for the attorney general's office to get back to me to make sure your authorization is acceptable.

Hi Monty,
I apologize if my email was confusing earlier. Jason can review the changes that we made to the page of the transfer application (highlighted in orange) but I need your authorization that you agree with the changes to the application. Jason is listed as a representative on the transfer application however you are the water right owner and so I will need approval from you or Carolene.
