4.		The total instantaneous diversion of water from all points of diversion under Transfer 5475 shall not exceed 0.59 cfs, nor a total combined annual volume of 250.0 af for stockwater and commercial uses.
5.		Prior to diversion of water under this approval, a totalizing measuring device of a type approved by this Department shall be installed and maintained on each of the wells authorized under Rights 47-02306A and 47-02306B. The volume of water diverted from each well shall be measured and recorded monthly and reported annually to the Department. The static water levels of the dairy wells shall be measured and recorded twice each year in April and October and reported annually to the Department. The annual reports may be subject to reporting fee requirements.
6.		Use of water under this approval shall comply with applicable water quality standards of the Division of Environmental Quality of the Idaho Department of Health and Welfare, and all applicable dairy operation standards of the Idaho Department of Agriculture. The dairy operation authorized under this approval shall comply with applicable city and county zoning and land use ordinances.
