WATER RESOURCES
WESTERN REGIONSTATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
APPLICATION FOR PERMIT
To appropriate the public waters of the State of Idaho

1. Name of applicant(s) Lin Joe Ashbrook or Josephine A. Ashbrook Phone (208)793-2505
 Name connector (check one): ☐ and ☒ or ☐ and/or
 Mailing address P.O. Box 399 City Horseshoe Bend
 State ID Zip 83629 Email jaashbrook@frontiernet.net
2. Source of water supply ground water which is a tributary of _____
3. Location of point(s) of diversion:

TWP	RGE	SEC	Govt Lot	1/4	1/4	1/4	County	Source	Local name or tag #
7N	2E	27			SE	NE	Boise	ground water	D0057718

4. Water will be used for the following purposes:
- Amount 0.03 for irrigation purposes from 3/15 to 10/31 (both dates inclusive)
 (cfs or acre-feet per year)
- Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
- Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
- Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
5. Total quantity to be appropriated is (a) 0.03 cubic feet per second (cfs) and/or (b) _____ acre feet per year (af).
6. Proposed diverting works:
- a. Describe type and size of devices used to divert water from the source. Well, pump to sprinklers
- b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 11. For dams 10 feet or more in height OR reservoirs with a total storage capacity of 50 acre-feet or more, submit a separate Application for Construction or Enlargement of a New or Existing Dam. Application required? ☐ Yes ☐ No
- c. Proposed well diameter is 6 inches; proposed depth of well is 420 feet.
- d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☒ No
- e. If well is already drilled, when? 5/2010; drilling firm All State Drilling;
 well was drilled for (well owner) Lin Joe Ashbrook; Drilling Permit No. _____
7. Description of proposed uses (if irrigation only, go to item 8):
- a. Hydropower; show total feet of head and proposed capacity in kW. _____
- b. Stockwatering; list number and kind of livestock. _____
- c. Municipal; complete and attach the [Municipal Water Right Application Checklist](#).
- d. Domestic; show number of households 1
- e. Other; describe fully. _____

8. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below.
See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
7N	2E	27				1													1

Total number of acres to be irrigated: 1

9. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping?

none

10. a. Who owns the property at the point of diversion? Applicants
- b. Who owns the land to be irrigated or place of use? Applicants
- c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing:

11. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary.

12. Time required for completion of works and application of water to proposed beneficial use is 5 years (minimum 1 year).

13. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map clearly identifying the proposed point of diversion, place of use, section #, township & range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

RE: Application for Permit No. 65-23608

Dear Applicants:

In initial review of your application for permit we find that it was missing some information that is required before we can proceed with advertising. I have enclosed a typed application for your review and signature if you agree with the information I have inserted. I have included a copy of your original application so you can see what changes/additions I have made to the form.

Please note that I have changed the point of diversion description to a 40 acre tract description rather than a 10 acre tract. This will allow more flexibility in case you ever have to replace your well. I have also increased the amount of water requested to 0.03 cfs (equals 13 gallons per minute). You can have 1.5 inches of water per acre up to 5 acres. Anything over 5 acres is limited to 0.02 cfs per acre. There is no increase in filing fee for this amount of water. I have completed item no. 6a to the best of my ability. If your proposed diverting works is different than I have added, please cross through my description and write yours in, date and initial the changes. Under item 8b, I added "1" to the total acres areas. Under item 12 on the form, you can request anywhere from 1 to 5 years to complete your irrigation system. I have placed a 5 in this item so you will have plenty of time to get your acre irrigated. If you complete your system and want to have it field examined before the end of the 5 year period you can always request a "Proof of Beneficial Use" form and submit it earlier. Please review the application form and make any changes or corrections with your initials and date, sign the form on page two and return it to this office for further processing.

Also, please note that your well was drilled under a domestic drilling permit fee. In order to use this well for irrigation purposes you have to update the drilling permit fee. The driller paid a \$75.00 drilling permit fee in 1999. The filing fee for an irrigation well is \$200.00 so you will need to submit a \$125.00 drilling permit upgrade fee to use this well to irrigate. Please note on your check or money order that the \$125.00 is to upgrade Well D0057718.

Please submit the amended application within the next 30 (thirty) days for processing to continue. You may seek additional time to provide the information by making a written

PD
Receipt
W042918
fw

request to interrupt processing for up to six months. Your response or a request for more time to seek the information must be received by April 12, 2015. The application may be voided without a timely written reply. We do not offer refunds for voided applications.

If you have any questions in regard to this matter, please do not hesitate to contact this office.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker". The signature is written in a cursive, flowing style.

KAY WALKER
Sr. Water Resource Agent
