Total Annual Combined Limit				0.72 cfs	145.6 af	41.6 ac	41.6 ac

Annual Combined Rental Totals

1.04 cfs 145.6af 41.6 ac 41.6 ac

Term of Rental: **January 8, 2015 to December 31, 2018**
Rental Fee: **\$2,475.20 annually for 2015 - 2017**
Rental Fee: **\$2,912.00 for 2018**

The fee for rental of the above-described water is \$2475.20 per year for years 2015-2017 and \$2,912.00 for 2018. Ten percent will go to the Department for administrative costs, and the remainder will be paid to the lessor(s). An annual payment shall be received by the Department prior to February 15 each year for the duration of the rental period. The agreement will be void if payment is not received prior to the due date in a given year. To terminate the agreement prior to the end of the rental period, written notice must be received by the Department at least 30 days prior to the rental fee due date. No rental fees will be refunded once the fee is collected and the start date for a Rental Agreement has passed.

Detailed water right conditions are attached.

~~*Water rights 34-282C and 34-452E are leased into the Bank in combination with 34-2438 and 34-10795. For the purposes of this Rental Agreement, water rights 34-282C and 34-452E do not add a benefit and are not necessary for the rental. Conversely, the Department and the lessee gain nothing by having right 34-282C and 34-452E rented. Water rights 34-282C and 34-452E cannot be rented on their own as they are only used to supplement ground water at the place of use.~~

CONDITIONS APPLICABLE TO ALL RENTED WATER RIGHTS

1. The use of water under this agreement shall be subject to the provisions of Idaho Code § 42-1766.
2. Rental of the specified right from the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other department application process.
3. Use of water under this agreement does not constitute a dedication of the water to renter's place of use, and upon expiration of this agreement, the points of diversion and place of use of the water shall revert to those authorized under the water right and/or again be available to rent from the bank.
4. This rental does not grant any right-of-way or easement to use the diversion works or conveyance works of another party.
5. Use of water under this agreement shall not prejudice any action of the Department in its consideration of an application for transfer or permit filed by the applicant for this same use.
6. Renter agrees to comply with all applicable state and federal laws while using water under this agreement
7. Renter agrees to hold the Board, the Director and the state of Idaho harmless from all liability on account of negligent acts of the renter while using water.
8. Renter acknowledges and agrees that the Director may terminate diversion of water if the Director determines there is not a sufficient water supply for the priority of the right or portion thereof being rented.
9. Failure of the renter to comply with the conditions of this agreement is cause for the Director to rescind approval of the rental agreement.
10. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.

11. Use of water under this agreement will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, these water rights are within State Water District No. 34.
12. This rental agreement does not authorize the construction of a well.
13. The renter must diligently pursue a permanent water right to provide for the uses authorized under this rental agreement.
14. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
15. The following rights are diverted through point(s) of diversion for ground water described above: 34-2379F.
AS well as surface water when available Dm
