5. Give the last date water was beneficially used.

Do not know; from the ditch, the water has been undeliverable for as long as I am aware.

6. Explain your reasons for non-use of the water right and your reasons for requesting an extension of time.

Since I received the property water right, the water through the ditch conveyance has been undeliverable. The ditch to convey water will have maintenance conducted in the next few weeks to allow for water to be delivered to the property beginning April 15, 2015. Ideally, measurement devices will be installed to ensure senior water rights holder can receive water, and upstream head gates will be monitored. There are ditch obstructions on neighboring properties that will need to be removed. I am working with the local neighbors with water rights to try to ensure the water is deliverable on April 15, 2015.

Thank you for your consideration.
