ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, GARY SPACKMAN, of the Department of Water Resources hereby approve the above Application for Amendment for Permit No. 15-07244 with the following:

CONDITIONS OF APPROVAL

1. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
2. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.

Witness my hand this 25th day of March, 2015.

RE: Water Permit 15-7244

Dear Stephen and Sherrie,

I am reviewing your water permit, 15-7244, in preparation for converting the permit to a license. I examined the system last June and calculated that it discharges 387.9 gallons per minute over 67.3 acres.

One of the additional requirements of the review is that I compare how you were authorized to develop the water usage to how it was actually developed. I found that you were authorized to develop the point of diversion (POD) in the NWNWNW of Section 12, Township 15 South, Range 35 East, but developed it in the SESE of Section 2, same Township and Range. Please refer to the enclosed map and permit for more information.

Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, Idaho Code. Therefore, before a license can be issued, your permit must be amended to depict your water use as it was actually developed.

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$100.00 filing fee within 14 days.

If you have any questions, please do not hesitate to call me – (208) 525-7161.

Sincerely,

Cooper Fritz
Water Resources Agent
