Greg,

I am reading your January 8, 2015 letter that you submitted for the JTK LLC Rental. In the letter you state that 35-14292 will be taken out of the bank once all rentals of that water right expire. I suggest that you submit a release request to accomplish this action. Please have JTK indicate the date in which they would like to have their lease considered for release. Without a release request, this right may be rented to other customers for up to 5 years.

Cherie
