RE: Expiration of Lease Contracts for water rights 45-14184, 45-14186 and 45-14188

Dear Lessor:

This letter is to inform you that your Water Supply Bank (Bank) lease contracts for the above referenced water rights expired on December 31, 2014 and your water rights have been released from the Bank.

Our records indicate that the above water rights are currently involved in a mitigation plan for Southwest Irrigation District. Water rights encumbered in mitigation plans cannot be leased into the Bank as any rental of such rights would result in an enlargement in the use of water. If your water rights are no longer involved in a mitigation plan, you can reapply to lease them to the Water Supply Bank by completing a lease application form, available from the Department's website at www.idwr.idaho.gov.

If you have any questions regarding this matter, please contact me at (208) 287-4918.

Sincerely,

A handwritten signature in black ink, appearing to read 'Remington Buyer'.
