RE: Water Right No(s). 35-7045 & 35-14375

Dear Water Right Holder(s):

The department has had an opportunity to review your letter received on March 17, 2015 in reference to the above mentioned water rights. We have determined that the split was complete prior to the filing of the ownership change with a transfer application that was approved in April of 2014.

The transfer application number is 78988 which split water right 35-7045 (2.90 cfs, 624 af, 156 acres) into water right 35-14375 (0.02 cfs, 4 af, 1 acre) and 35-7045 (2.88 cfs, 620 af, 155 acres). The transfer applicant (Hibbert) proposed to split one acre from the place of use of water right 35-7045 prior to the sell of the rest of the property to Driscoll. The transfer was filed late 2013 and approved April 2014.

I have attached computer generated reports for your 35-7045 and 3514375 for your review.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg  
Technical Records Specialist
