REQUEST FOR EXTENSION OF TIME

DEPARTMENT OF
WATER RESOURCES

To provide additional time in which to submit proof of beneficial use for a water right permit

DENIED

The Idaho Department of Water Resources will consider this form a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code, in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit no. 86-11924 Date proof is due 4-1-2015
 Name(s) of permit holder(s) JOHN A GRAVELLE ET AL.
 Mailing address PO BOX 603 City JULIAETTA State ID Zip 83535
 Telephone no. 509.995.2940 Email jag@pineorchard.com

Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

Surface water points of diversion established, stockwater/irrigation storage tanks installed, storage ponds constructed/reconstructed, buried polyline and frost-free hydrants installed to supplement existing year-round stockwater (water right No. 86-12002), and purchase of aluminum irrigation pipe, brass sprinkler heads, and polyline.

Costing \$ 20,000+

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

An Application for Drilling Permit and \$600 was submitted 8/18/14 for construction of irrigation wells. However, some of the well driller's summer projects had delays, and prevailing wet conditions have prevented well drilling from occurring to date. Due to extenuating circumstances that have impeded well construction and examination for proof of beneficial use by 4/1/2015, we only respectfully request an extension by the amount we were delayed (6 months) to 10/1/2015.

Permit holder(s) request an extension for 6 months year(s).
