RE: Assignment of Permit for Water Right Permit No. 65-12995

To Whom It May Concern:

The Department of Water Resources has received an Assignment of Permit to change the ownership of the above referenced permit. This permit is currently in the name of Michael J. Coughlin. Since this water right is still in the permit stage, it is considered to be personal property of the permit holder of record with the Department. It must be Michael J. Coughlin that assigns this permit over to you. We are returning the paperwork that you sent as we require the assignment form be completed by the permit holder.

Enclosed is a computer generated report showing the current owner of this permit. The **first option** is to seek an assignment of the permit from Michael J. Coughlin to you. I have enclosed an Assignment of Permit form for your convenience. Once the Department is in receipt of the new documentation, the Department will be able to process an Assignment of Permit, and apply the \$25 filing fee you already submitted.

If you cannot obtain an assignment from the permit holder of record with the Department, the **second option** is to submit the following to IDWR:

- Evidence you attempted to contact the permit holder of record. For example, attach a copy of the letter you wrote to the permit holder seeking an assignment of the permit.
- A completed Notice of Change in Water Right Ownership (ownership change notice).
- Chain of Title showing the property going from Michael J. Coughlin to Thomas and Diana Nicholson.
- Conveyance documents for the land where the water is used.

The Department cannot process the ownership change notice until the water use is confirmed and the permit is licensed, which makes the water right real property appurtenant to the land. Until the license is issued, IDWR will hold an acceptable ownership change notice in the water right file for reference and will identify you as a contact for the permit in the water right database. Enclosed is an ownership change notice for your use.

We will hold this matter for (30) days from the date of this letter. If the Department does not receive the proper documentation within this time period, the \$25.00 fee you submitted on March 4, 2015, will be refunded to Northwest Farm Credit Services.

If you have any questions, please feel free to contact me at (208) 287-4945

Sincerely,
