Re: (2) Applications For Transfer 29-7006 in the name of Idaho Water Company, LLC

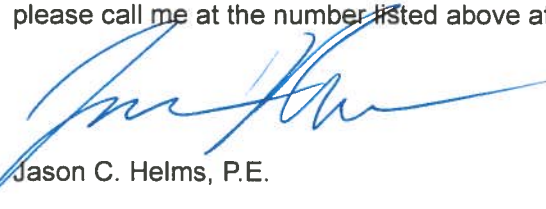

To Whom It May Concern,

Please find attached two applications for transfer seeking a change in place of use and point of diversion for the remaining portion of existing water right 29-7006. The first transfer seeks to move a 26.0 acre portion to correct a pending notice of violation while the second transfer moves the remaining 119.0 acres to currently unirrigated land as shown on the maps included as attachment #7a.

An ESPA Transfer spreadsheet analysis was performed for each transfer, and calculated changes to ESPA river reaches all appear to be less than 10% of total historical impacts. Details of the ESPA Transfer Spreadsheet simulation input data allowing duplication and chart results are included for each transfer within the Narrative as attachments #5a-#5d.

The applicant is Idaho Water Company, LLC (IDWC) and I have attached an Option Agreement For Purchase and Sale of Real Property between IDWC and Lynn and Christine Bastian demonstrating IDWC has the authority to make the proposed changes. I have also attached an Agreement For Purchase and Sale of a 145 acre portion of water rights 29-7006 between IDWC and Blair Dance allowing the proposed transfer. This arrangement should allow IDWC to coordinate with IDWR transfer processing more quickly. Any ownership change will be filed following formal transfer approval and final closing. Finally, I have included a check for \$700 (\$500 + \$200) for the processing fees.

As always, if you have any questions or would find any GIS information shown helpful with processing please call me at the number listed above at your convenience. Thanks,

Jason C. Helms, P.E.
