Re: Application for Permit- Request for more information/clarification

Dear Applicant,

The purpose of this letter is to request additional information related to the application for permit 63-34006 submitted on November 4, 2014. There are a few points of clarification that need to be addressed in order to further process your application.

First, the business entity address stated on your application is different than the official address indicated in the secretary of state business database (1006 W Easy St., Caldwell, ID83605.) Is there a reason for this discrepancy? Would you like to continue with the Marsing address stated on the application?

Second, based on the point of use description and the map enclosed with your application, there is a slight difference in the number of acres to be irrigated under the permit. The map indicates that 10 acres would be irrigated in the NENE and 1 acre in the SENE, bring your total to 11 acres. If this is the case, you would need to amend your permit to allow .22 cfs of diverted water and pay the additional \$150 permit fee. Otherwise, we will process the application as is and you will be limited to irrigating 9 acres in the NENE and 1 acre in the SENE.

Finally, the place of use appears to be within the boundary of the Wilder Irrigation District. Section nine (9) of your application indicates that there are no surface irrigation rights on this property. Please confirm that you do not receive water from this entity for irrigation on the place of use indicated.

Please submit the requested information for the application to be processed. You may seek additional time to provide the information by making a written request to interrupt processing for up to six months. The application will be voided without a timely written reply within the next thirty (30) days. Refunds are not issued for voided applications. If no amendments to the application are necessary, you may call the Western office and provide the needed information over the phone.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you need more information. Thank you for your attention to these matters.

Respectfully,

Danie Merriman
