Dept of Water Resources.
900 N. Skyline Dr. Suite A
Idaho Falls, Idaho 83402

Dear James.

As Per our conversation last week regarding my water Right Permit 13-7288. I have capped the Existing Flow wells. which do not flow any more. I agree with you to have my 1930's Irig. water come from the new casing and have the Livestock water Rights Be. 2007 out of the same new casing.

I do not even plan on using the old flowing well casings again.

If you have any questions you can reach me at Cell 801-781-0454
Home - 208-766-4306

Thanks
Syn Wight
