Subject: Lambert Transfer - New Number Assigned

John – The transfer application for Lambert Produce, previously numbered 72456, has been assigned a new number in IDWR's upgraded system.

The new transfer number is : **78302**

Please refer to this number in all future correspondence, and when submitting the amended transfer materials. The date originally received and all other components of the original transfer have been retained under the new number. I am now able to begin data entry on this file and will be waiting for the amendments. Be sure and let me know if there will be any significant delays.
