Re: Lambert Produce et al. Transfer Application

Dear Allen:

Enclosed please find an Amended Application for Permit in the name of Lambert Produce et al. along with the application fee of \$2,460.00. The fee is based on an increase of 30.32 cfs in the total diversion rate of the rights included in the application over the previously filed version. Because the transfer amendments involves rights within the boundary of the ESPA, we ran the ESPA model analysis. Results showing no adverse impact are attached. Lastly, I include a map showing irrigated acres within the PPU for 2013.

Please contact me if you have any questions.

Sincerely,

John M. Marshall
