Department of Water Resources; State of Idaho

PO Box 83720

Boise, Idaho 83720-0098

Dear Department of Water Resources:

Please find enclosed my beneficial use report form for permit #61-12274 along with supporting photographs of irrigated area and electrical panel. Due to the small size of my groundwater delivery system I understand there are no report fees due to be paid to Water Resources. If this is not true or other information is needed by water resources please notify me immediately.

Please file my report and photos appropriately.

If I may be of any service at any time don't hesitate to let me know how I may help.

Sincerely,

Louis "Dale" Jeffrey
