Re: Recharge for Permit # 36-08745 for 2014

Dear Sir or Madam,

Nelsen Dairy recharged the aquifer as per the requirement of our permit as follows:

April 15 – Oct 15, 2014. Flow Rate: .5 CFS=.99 acre-foot/day. Occasionally .5 was not met because of weeds or moss plugging the head gate in the canal. 182 days – 25 days (flow not met) = 157 days of recharge flow.

157 days x .99 acre-foot/day = 155 acre-feet of total recharge

155 acre-feet (2014 total recharge) – 50.8 acre-feet (2014 total use) = **104 acre-feet of extra recharge.**

If you have any questions please contact me at the above address or phone number.

Thank you,
