RE: Water Right Permit No. 15-07372

Dear Mr. Schoenenberger,

As we discussed on the phone, 1.3 acres of permit 15-7372 were developed outside of the permitted area. Specifically, those acres are in the SESW and SWSE of Section 23, Township 16 South, Range 36 East. To illustrate this, I have enclosed a map depicting the place of use for the permit as developed, as well as a copy of the original permit. You'll note that lands in the above-mentioned 40-acre tracts were not originally authorized for development.

Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, Idaho Code. Before a license can be issued, your permit must be amended to depict your water use as it was actually developed.

I have enclosed the Application for Amendment of Permit form with this letter. Please review it carefully as it depicts exactly how your right will appear upon issuance. If you concur with the information presented in the Application for Amendment of Permit, please sign the form and return it with the \$100.00 filing fee within 14 days.

If you have any questions, please call me at (208) 534-1479.

Sincerely,

A handwritten signature in black ink that reads "Cooper Fritz". The signature is written in a cursive style with a long, sweeping line extending from the end of the name.

Cooper Fritz
Water Resources Agent
