Re: Available Dates for Hearing, Application for Permit No. 57-11840

Dear Reva:

As requested in your telephone call today, a copy of the enclosed calendar letter is sent your North Dakota address. Please recall the first time the Idaho Department of Water Resources (IDWR) agreed to send an additional copy of an application file document to that address, which is contrary to the protocol governing contested cases. At that time, IDWR stated it was a one-time exception not to be repeated.

The protocol requires mailing to a single address of record for an individual party. Using a single address reduces confusion and helps assure all parties receive all documents submitted to the application file or sent by IDWR to the parties. IDWR will not send additional copies of file documents to your North Dakota address unless you make that the address of record for purposes of this application. If you want to do that, please submit that in writing to IDWR and provide a copy to the other parties (see cc below).

The deadline for submitting your calendar information is February 27, 2015.

Sincerely,

Steve Lester
Interim Western Region Manager
