RE: *Withdrawal of Application for Exchange No. 78800 and Request for Pre-Hearing Conference for Application for Transfer No. 78799.*

Dear Sharla:

This letter and its enclosures are in response to your January 8, 2015 letter. I had a brief conversation with James Cefalo concerning these matters. Enclosed is a completed *Withdrawal of Application for Exchange* for Exchange No. 78800. We have determined that we will not pursue the exchange, and the withdrawal evidences our decision not to move forward with the exchange application.

However, we do intend to move forward with Application for Transfer No. 78799. This transfer proposes to add a point of diversion further downstream of the existing point of diversion, we do not see how this could injure or impact any other water rights. Therefore, we request that you schedule a pre-hearing conference on the transfer application for some time in mid-March or early April.

We appreciate your attention to this matter. If you have any questions or concerns, please let me know.

Best Regards,

Robert L. Harris
