RE: APPLICATION(S) TO LEASE WATER RIGHT(S) 63-161BN and 63-2932 TO THE WATER SUPPLY BANK

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

The Department of Water Resources has completed its review of your application to lease the above-mentioned water right(s) to the Water Supply Bank. **I have enclosed two original Water Supply Bank Lease Contracts for your review and signature. Please sign and return BOTH Lease Contracts within 14 days.** Upon signature and return of the contracts, the Department will also sign the original contracts and return an executed copy to you. The Lease Contract is not considered final until you and the Department have both signed.

The rights will automatically be released from the Bank on **December 31, 2019**, unless the rights are released earlier by the Board, or upon your request. To release the right from the Bank prior to the release date, submit a written request on the Request to Release a Water Right from the Bank form. To propose a new lease period, submit a new Application to Sell or Lease a Water Right to the Water Supply Bank form along with applicable fees to the Department. These forms are available from any IDWR office or from our public website at <http://www.idwr.idaho.gov>. Please note your rights may not be available for immediate release if they have been rented.

Please review the conditions of acceptance listed on the Lease Contract, including #3 which says:

"While a right is in the bank, **the lessor may not use the right** without approval of the department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B."

If you have questions regarding this matter, please contact me at 287-4910.

Sincerely,

Patrick,

Good afternoon! Steve asked me to respond to your request for comments on this lease. No concerns come to mind with leasing a portion of rights 63-161BN and 63-2932 into the bank. I think these would likely be valuable rights to have in the bank, a fact which also makes any potential WSB rental review(s) more complicated. Considerations would need to be made to address right 63-161BN being a primary irrigation right on the Boise River upstream of star (within the fully appropriated reach) and right 63-2932 being a supplemental irrigation ground water right established within the Boise Front GWMA/Boise Front Moratorium and Bs 63 GW Restricted areas in any future rental review. The place of use property is also partially within the SE Boise GWMA (however the well POD for 63-2932 is outside this area). Again, these are just observations more relevant to potential rental than lease. No local area concerns on lease of these rights into the bank come to mind. Also, Western is not currently working on any applications regarding these rights or this property. Thank you for the opportunity to comment. Let me know if you have any questions.

Thanks,
Angie

MEMORANDUM

To: Water Right No(s). 63-161BN AND 63-2932
From: Patrick Kelly
Date: 1/22/2015
Re: Review of Application to Lease Water Right to the State Water Supply Bank

PURPOSE/NARRATIVE:

On November 13, 2014, IDWR received an application to lease the above right to the WSB for 2015. The lease application proposes 25 acres of their 141 acres under this right to be entered into the bank. The permissible place of use is a subdivision of 255 acres.

Enlargement has been a concern in previous lease applications. A letter from SPF Engineering on March 29, 2011 outlined the irrigation acres assuming 75% of each lot is irrigated land. Considering all other land on the property, it was determined that 25 acres of the right are currently not irrigated.

A review memo by Monica Van Bussum on April 29, 2011 for the 2011 WSB lease application confirms this information and a confirmed acceptable by Shelley Keen, Water Rights Section Manager.

AUTHORITY TO FILE:

Eldon K Crockett signed the bank lease application. Mr. Crockett is listed as treasurer according to the 2014 ID Sec. of State business database.

WATER RIGHT VALIDITY:

Water right 63-161BN was decreed in 2007. It has been accepted into the bank since 2011. Forfeiture is not an issue.

INJURY TO OTHER WATER RIGHTS:

No injury is apparent.

ENLARGEMENT OF USE:

No enlargement is evident through the lease alone.

LOCAL PUBLIC INTEREST:

Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES:

The leases appear consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS:

The right is subject to Water District 63. Rex Barrie & Western Region will be contacted to request comment.

Dear Cherie,

Eldon Crockett, Treasurer of SV Homeowners' Association, Inc., signed the lease applications on behalf of the HOA.

Check No. 4821 is enclosed for the \$500 filing fee.

Please let me know if there are any questions. Thanks Cherie.
