Subject: Protest Withdrawal Notification

To: Mr. Steve Lester, Interim Manager, Western Region, Idaho Department of Water Resources

Dear Mr. Lester,

Based on the facts that the wells operated by Dave & Karen Jenkins {about 200 ft. from my Well}, and the new well to be operated by Mr. Hipwell [about ¼ to 3/8 miles from my well], I have no clear-cut way of proving that Mr. Hipwell is the one who is drawing down my water level.

Therefore the idea of continuing my protest against Mr. Hipwell is fruitless.

I hereby officially drop my protest against Mr Hipwell, case #57-11840.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lee V. Humphrey", with a long horizontal flourish extending to the right.
