Addendum to Purchase and Sale Agreement, 4-9-2014
of Block 1, Lot 1 and Lot 4

1. The owners are permitted to operate and maintain fire pits on property which includes close proximity to the lake.
2. The owners are permitted to build and use docks, walking paths, and bridges around the entire lake. Bridges to be reviewed by architectural committee.
3. The owners are permitted to have exposed antennas and or satellite dishes.
4. The owners are permitted to install a chain link dog run with vinyl slats that will be maintained by owners and approved by the architectural committee.
5. The owners will be permitted to place signs on the property that direct guests, as well as, prevent trespassing, fishing, and unwanted use of property on, around, or in lake by individuals or animals. Any sign that is required by the insurance company or Canyon County is also permitted.
6. The owners will have unlimited use of entire east lake on block 1.
7. The owners will have water rights in order to maintain the lake level and protect the integrity of the lake and its contents. Owners are to be properly trained on the use of the pumps that maintain the lake level. Once trained and approved by the HOA or Dan or Marcy Hukill, owners will have permission to access the existing pumps in the subdivision to maintain the lake level (if not maintained by the Home Owner's Association), as well as, operating center fountain. Owners of these said lots will have access to pump house and to turn on pumps. Owners of these said lots will be held responsible for any damages caused by their gross negligence. The electrical infrastructure for the center fountain on Block 1 will be renamed under the owners and the owners will be responsible for the electrical usage and bill. The cost associated with the electrician installing a new meter and any additional hardware will be the owner's responsibility. The owners of Lots 1,2,3, and 4 block 1 will have full ownership of (2) waterfalls and center fountain on East lake. The rights and agreements in this addendum are fully transferrable.
8. Lot boundaries need to be fully marked and identified. All trees that were not originally planted and are near the pond liner on lots 1 and 4 need to be removed by sellers with the help of the owners.
9. Owners are permitted to install or have an existing community well and be compensated by adjacent property owner(s). This applies to Block 1; Lot 1, 2, 3, and 4.
10. Owners are permitted to have livestock or agricultural activities in order to maintain the Agricultural Exemption. This applies to Block 1; Lot 1, 2, 3, and 4, as per existing CCR's. Owners will be exempt from any changes to the CCR's that remove the ability to have livestock or agricultural activities.
11. Owners will own all existing property, features and contents on Lot 1,2,3, and 4 of Block 1. This will include but is not limited to center fountain and water fall structures.
12. The HOA will maintain remaining easements and maintenance of subdivision as described in the CCR's and Platt Map provided by the title company as of 2010.
13. Due to the additional cumulative annual subdivision dues for lots 1, 2, 3, and 4, the HOA will allow the owners to review the HOA's books and records. The owners are sensitive to the

D.H.
RC

HOA's ability to properly perform its functions and pay its appropriate expenses with proper funds. The owners want to ensure that any shared resources or expenses of the HOA with associated parties of the developer or HOA is pro-rated appropriately. This is to allow the HOA to build a reserve of funds that in turn will allow the annual dues to be reduced. The owners and the HOA agree that once the HOA's fund reserve balance meets \$20,000, that the owners will see a reduction of annual dues based on the following. HOA needs to evaluate and identify the average of two years of annual expenses which is incurred by the HOA. By doing so, the HOA can properly budget and identify the necessary annual expenses on a per lot basis. This will determine how much to reduce the annual dues if the reserves are in place and annual dues are in excess of these average expenses. The HOA will then readjust the dues per each lot in order to remove the unnecessary excess of reserves being created.

14. The HOA and developer agree that Owners have the ability to consolidate Lots 1,2,3, and 4 of Block 1 into one entire lot. The lot consolidation will follow government rules and regulations. If lots are consolidated, owner's full member voting rights and status will not change. HOA will recognize the same amount of votes as before the consolidation. Upon the consolidation of lots 1,2,3 and 4 into one existing lot, owners have the ability to re-subdivide the one existing lot back into the four original lots. The subdivided process would follow government rules and regulations.
15. The easements in the east lake on block 1 are waterway easements. These easements are to be used only for water to flow from the upper water fall through the lake into the lower lake, which in turn provides pressurized water for the entire subdivision. This is a "waterway" easement only and no individuals including but not limited to the, HOA or other lot owners may have egress or ingress to these lake easements.
If repairs are needed on the easements, HOA will review and require that service or repair providers have adequate insurance or bonding. Neither the HOA nor the service provider will hold land owner liable for any accident that may occur on the easements. The pond liner and waterfalls on lot 1,2,3,and 4 on block 1 do not carry a warranty for repair or replacement from the seller.

It is agreed that, if the title to said premises is not marketable, or cannot be made so within thirty (30) days after Buyer's notice containing a written statement of defects is delivered to the Seller, or if the Seller fails to consummate the same as herein agreed, the entire earnest money shall be returned to the Buyer. The cost of the foregoing title insurance shall be paid in accordance with the provisions of section 7, above.
23. **EXTENDED COVERAGE TITLE POLICY:** A standard policy of title insurance does not cover certain potential problems or risks such as liens (i.e. a legal claim against premises for payment of some debt or obligation), boundary disputes, claims of easement, and other matters or claims if they are not of public record at time of closing. However, under Idaho law, such potential claims against the premises may have become legal obligations before the purchase of the home is completed and yet may not be of public record until after the purchase is completed. It is recommended that Buyer talk to a title insurance company about what it offers in the way of extended coverage. In particular, it is recommended that Buyer purchase extended coverage insurance if the premises have been built or remodelled within the last 90 days.
24. **INSPECTION OF PROPERTY:** Buyer hereby acknowledges that Buyer has made an independent examination and inspection of the above described real property and all improvements thereon, is fully aware of the condition of the same, and is not relying on any representation made by Seller as to the condition of said property other than any representations specifically set forth in this contract. Buyer accepts the property in its present condition and waives all claims against Seller based upon the condition of the property. Buyer understands that the attached Property Disclosure Statement is not a warranty of the condition of the property.
25. **RISK OF LOSS:** Prior to the closing of this sale, all risk of loss shall remain with the Seller. In addition, should the premises be materially damaged by fire or other cause prior to closing, this contract shall be voidable at the option of the Buyer. As of the close of escrow, all risk of loss shall pass to the Buyer.
26. **DEFAULT AND ATTORNEY'S FEES:** If all conditions of this contract are met and Buyer neglects or refuses to comply with the terms or any conditions of sale on or before the closing date, or any extensions thereof agreed to in writing between the parties, the earnest money shall be forfeited and Buyer's interest in the premises shall be immediately terminated. All costs of title insurance, escrow fees, attorney's fees, and other expenses directly incurred in connection with this transaction for which Buyer agreed to be responsible and which are or have been incurred shall be paid by Buyer in full. Forfeiture and acceptance by Seller of the earnest money shall not constitute an election of remedy or a waiver of other remedies available to Seller by law. In the event of any default by either party, the prevailing party in any resulting legal action shall be entitled to recover reasonable attorney's fees and costs in addition to any other relief which may be granted.
27. **AGREEMENT BINDING:** This contract shall be binding upon and inure to the benefit of the heirs, administrators, executors, personal representatives, successors, and assigns of the respective parties hereto.
28. **FACSIMILE TRANSMISSION:** Facsimile transmission of any signed original document, the retransmission of any signed original document, or the retransmission of any signed facsimile transmission shall be the same as the delivery of an original. At the request of either party or the Closing Agency, the parties will confirm facsimile transmitted signatures by signing an original document.
29. **AMENDMENTS:** This contract may not be amended, modified, altered, or changed except by a further agreement in writing executed by the Buyer and the Seller.
30. **ENTIRE AGREEMENT OF THE PARTIES:** This contract constitutes the whole agreement between the parties and each of the parties certify that the terms of this contract, including all attachments hereto, are true to the best of their knowledge. Any other agreements entered into previously by any of these parties in connection with this transaction are superseded by this contract. No warranties, agreements, covenants, or representations not expressly set forth herein shall be binding upon either party.

Addendum to Purchase and Sale Agreement, 4-9-2014
of Block 1, Lot 1 and Lot 4

1. The owners are permitted to operate and maintain fire pits on property which includes close proximity to the lake.
2. The owners are permitted to build and use docks, walking paths, and bridges around the entire lake. Bridges to be reviewed by architectural committee.
3. The owners are permitted to have exposed antennas and or satellite dishes.
4. The owners are permitted to install a chain link dog run with vinyl slats that will be maintained by owners and approved by the architectural committee.
5. The owners will be permitted to place signs on the property that direct guests, as well as, prevent trespassing, fishing, and unwanted use of property on, around, or in lake by individuals or animals. Any sign that is required by the insurance company or Canyon County is also permitted.
6. The owners will have unlimited use of entire east lake on block 1.
7. The owners will have water rights in order to maintain the lake level and protect the integrity of the lake and its contents. Owners are to be properly trained on the use of the pumps that maintain the lake level. Once trained and approved by the HOA or Dan or Marcy Hukill, owners will have permission to access the existing pumps in the subdivision to maintain the lake level (if not maintained by the Home Owner's Association), as well as, operating center fountain. Owners of these said lots will have access to pump house and to turn on pumps. Owners of these said lots will be held responsible for any damages caused by their gross negligence. The electrical infrastructure for the center fountain on Block 1 will be renamed under the owners and the owners will be responsible for the electrical usage and bill. The cost associated with the electrician installing a new meter and any additional hardware will be the owner's responsibility. The owners of Lots 1,2,3, and 4 block 1 will have full ownership of (2) waterfalls and center fountain on East lake. The rights and agreements in this addendum are fully transferrable.
8. Lot boundaries need to be fully marked and identified. All trees that were not originally planted and are near the pond liner on lots 1 and 4 need to be removed by sellers with the help of the owners.
9. Owners are permitted to install or have an existing community well and be compensated by adjacent property owner(s). This applies to Block 1; Lot 1, 2, 3, and 4.
10. Owners are permitted to have livestock or agricultural activities in order to maintain the Agricultural Exemption. This applies to Block 1; Lot 1, 2, 3, and 4, as per existing CCR's. Owners will be exempt from any changes to the CCR's that remove the ability to have livestock or agricultural activities.
11. Owners will own all existing property, features and contents on Lot 1,2,3, and 4 of Block 1. This will include but is not limited to center fountain and water fall structures.
12. The HOA will maintain remaining easements and maintenance of subdivision as described in the CCR's and Platt Map provided by the title company as of 2010.
13. Due to the additional cumulative annual subdivision dues for lots 1, 2, 3, and 4, the HOA will allow the owners to review the HOA's books and records. The owners are sensitive to the

RC D.H.

HOA's ability to properly perform its functions and pay its appropriate expenses with proper funds. The owners want to ensure that any shared resources or expenses of the HOA with associated parties of the developer or HOA is pro-rated appropriately. This is to allow the HOA to build a reserve of funds that in turn will allow the annual dues to be reduced. The owners and the HOA agree that once the HOA's fund reserve balance meets \$20,000, that the owners will see a reduction of annual dues based on the following. HOA needs to evaluate and identify the average of two years of annual expenses which is incurred by the HOA. By doing so, the HOA can properly budget and identify the necessary annual expenses on a per lot basis. This will determine how much to reduce the annual dues if the reserves are in place and annual dues are in excess of these average expenses. The HOA will then readjust the dues per each lot in order to remove the unnecessary excess of reserves being created.

14. The HOA and developer agree that Owners have the ability to consolidate Lots 1,2,3, and 4 of Block 1 into one entire lot. The lot consolidation will follow government rules and regulations. If lots are consolidated, owner's full member voting rights and status will not change. HOA will recognize the same amount of votes as before the consolidation. Upon the consolidation of lots 1,2,3 and 4 into one existing lot, owners have the ability to re-subdivide the one existing lot back into the four original lots. The subdivided process would follow government rules and regulations.
15. The easements in the east lake on block 1 are waterway easements. These easements are to be used only for water to flow from the upper water fall through the lake into the lower lake, which in turn provides pressurized water for the entire subdivision. This is a "waterway" easement only and no individuals including but not limited to the, HOA or other lot owners may have egress or ingress to these lake easements.
If repairs are needed on the easements, HOA will review and require that service or repair providers have adequate insurance or bonding. Neither the HOA nor the service provider will hold land owner liable for any accident that may occur on the easements. The pond liner and waterfalls on lot 1,2,3,and 4 on block 1 do not carry a warranty for repair or replacement from the seller.
