FORM 202 11/13

WATER RESOURCES
WESTERN REGION

Ident. No. 63-33993

AMENDED

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
APPLICATION FOR PERMIT
To appropriate the public waters of the State of Idaho

1. Name of applicant(s) Patrick E. Craig &/or Judith A. Craig Phone (208)455-9449
Name connector (check one): ☐ and ☐ or ☒ and/or
Mailing address 16332 Frost Rd. City Caldwell
State ID _____ Zip 83607 Email inhimjc@aol.com

2. Source of water supply ground water which is a tributary of _____

3. Location of point(s) of diversion:

TWP	RGE	SEC	Govt Lot	1/4	1/4	1/4	County	Source	Local name or tag #
3N	4W	10			NW	SE	Canyon	ground water	068786

4. Water will be used for the following purposes:

Amount 0.04 for domestic purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)
Amount 0.02 for stock water purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)
Amount 0.09 for irrigation purposes from 3/1 to 10/31 (both dates inclusive)
(cfs or acre-feet per year)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per year)

5. Total quantity to be appropriated is (a) 0.15 cubic feet per second (cfs) and/or (b) _____ acre feet per year (af).

6. Proposed diverting works:

a. Describe type and size of devices used to divert water from the source. well, pump and pipeline to sprinklers
b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 11. For dams 10 feet or more in height OR reservoirs with a total storage capacity of 50 acre-feet or more, submit a separate Application for Construction or Enlargement of a New or Existing Dam. Application required? ☐ Yes ☐ No
c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ No
e. If well is already drilled, when? 1997; drilling firm Kenne Metzger Drilling;
well was drilled for (well owner) Virgil Bates; Drilling Permit No. 63-97-W-0015-000

7. Description of proposed uses (if irrigation only, go to item 8):

a. Hydropower; show total feet of head and proposed capacity in kW. _____
b. Stockwatering; list number and kind of livestock. 3 - 5 horses, cattle or sheep
c. Municipal; complete and attach the Municipal Water Right Application Checklist.
d. Domestic; show number of households one
e. Other; describe fully. _____

8. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below.
See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
3N	4W	10														3			3
																S/D			

Total number of acres to be irrigated: 3

9. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping?

None

10. a. Who owns the property at the point of diversion? Applicants
- b. Who owns the land to be irrigated or place of use? Applicants
- c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing:

11. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary.

To water a large lawn and future pasture for a limited number of livestock. Using the existing well on the property.

Water bearing zone to be appropriated is from 80 to 100 feet.

12. Time required for completion of works and application of water to proposed beneficial use is 5 x years (minimum 1 year).

13. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map clearly identifying the proposed point of diversion, place of use, section #, township & range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

RE: Application for Permit No. 63-33993

Dear Ms. Walker:

Enclosed is the amended Application as you requested. We changed the time to complete from one year to five years. We have also corrected the location of our well on your map as discussed.

We will send a check for the additional \$125.00 upgrade fee as soon as our permit is approved, as you said we could do when we talked on the telephone. Thank you for allowing us to do that.

Sincerely,

Patrick E. Craig

RE: Application for Permit No. 63-33993

Dear Mr. and Mrs. Craig:

We are in the process of reviewing your application for permit and find that we had to make a couple of corrections to the form. Under item 4 on the application form you have used a rate for the amount of water for stockwater use and then a volume for the amount of water for irrigation. Normally, during the application phase, all the water filed on should be shown with a rate. When the system is all developed and in use, the Department will issue a water right license that includes a volume amount for each of the uses developed. Please note that I have changed your irrigation use from 4.5 acre feet to 0.09 cfs (cubic feet per second). The 0.09 cfs equates to approximately 40 gallons per minute and/or 1.5 inches of water per acre. I have also put 0.04 cfs on the application form for your domestic use. This is the amount we normally allow for one home. With each of the uses listed as a rate, we come up with 0.15 cfs of water for a total amount applied for.

Please complete item 6 on the form. This is mandatory information. We want to know how you get the water from the well to the house, stock and irrigation uses. This can be as simple as well, pump and pipeline to ditches or sprinklers; or you can insert the size of the pump and pipelines if you wish.

Please review the enclosed application form for accuracy and complete item 6. If there are other items on this form that you do not agree with, please change the form, then date and initial the changes. Also, if you do not intend to irrigate within the 1 year you have listed on item 12, you can request up to 5 years to complete your system. Once we issue the permit the clock starts ticking and you must use the water to retain the permit.

We also found that the drilling permit fee paid in January of 1997 is not sufficient for this proposal. The fee paid was for a domestic well for one home. The correct fee for a drilling permit for a well used for irrigation purposes is \$200.00. Since the driller only paid a \$75.00 drilling permit fee, we request that you submit an additional \$125.00 to upgrade the fee. This

*1/20/15 -
Discussed w/ Mr.
Craig - will take
suggestions and
submit new app.
KW*

fee must be paid before a water right license can be issued for any irrigation use from your well. Also, please note that I have added a remark on page 2 of the form that states: "Water bearing zone to be appropriated is from 80 to 100 feet." I took this information from your well log. It shows that water was first encountered at 80 feet and the well is 100 feet deep. If this is not correct, please change it.

Once you believe the form is completed as you want, sign the form and return it to this office. We will hold any further processing until we receive the corrected form in case you do not agree with any of the changes I have made. If you have any questions or concerns regarding this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker". The signature is fluid and cursive, with the first name "Kay" and last name "Walker" clearly distinguishable.

KAY WALKER

Sr. Water Resource Agent
