CONDITIONS OF APPROVAL

1. Water rights 15-2003 and 15-2056 are no longer associated with the place of use described under this water right.
2. After specific notification by the department, the right holder shall install a suitable measuring device or shall enter into an agreement with the department to determine the amount of water diverted from power records and shall annually report the information to the department.

State of Idaho
Department of Water Resources
Water Right License

WATER RIGHT NO. 15-07191

3. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 10th day of February, 2015.
