RE: **Phone Conversation with Northwest Farm Credit Services FLCA**

Today I received a call from Northwest Farm Credit Services regarding the letter I sent on November 28, 2014, to Big Willow Ranch LLC and cc'd Northwest Farm Credit Services.

Northwest Farm Credit Services called me to inform me that their intent is to file the Assignment of Permit changing ownership of the above referenced water right permits, not a Security Interest. I was also informed that they would be sending me a new assignment form showing the correct entities.
